- STEMCO 70.182.18 (PlusKit)

STEMCO Kaiser QwikKit® the original No-Ream Spiral Steel bush design and grease grooved king pin tested to take the abuse of the road and is backed by more than 50 years of experience in king pin technology.

No need to ream & ease of installation means faster install than reamed king pins, and 300% better lubrication with extreme long life (last up to four times longer than original equipment and aftermarket competitors).

Stock is due Q2/Q3 2025, Pre-order now to secure first shipment.

For more information, please contact your STEMCO representative.
