

RAPID-INSTALL KING PINS OUTPERFORM AND OUTLAST THE COMPETITION

STEMCO Kaiser QwikKit® King Pin Kits install faster than reamed king pins, and last up to four times longer than original equipment and aftermarket competitors.

This means they get the truck back on the road more quickly and keep them there for a longer, trouble-free king pin lifecycle.

OPTIMAL LUBRICATION

STEMCO No-Ream steel bushings and pins are grooved to provide an optimal stream of constant lubrication to high-wear areas.

PROVEN MATERIALS

Proprietary high-chrome, high-carbon tool steel is found only in STEMCO king pins kits, balancing strength and resilience. This means it can withstand the constant turning and pounding placed on the steering knuckle and axle over the life of the vehicle.

IMPACT TESTED

STEMCO's king pins also showed in the Impact Charpy test that they stand up better to real-life peak loads such as curb strikes.

INDUSTRY LEADER

For Longer Life & Less Maintenance

- 300% More Grease!
- Grooved Pin Allows Grease to Lubricate Bearing!
- Drive Past Your Next 3 King Pin Jobs!
- Install In Half The Time with Half The Effort!
- No-Ream Installation!

*Helping industry become,
More Safe,
More Productive and,
More Sustainable.*
