Energy

PRODUCT INFORMATION

FEATURES

- Protection against moisture and dirt
- Also suitable for retrofitting
- Individual or special solutions possible

AREAS OF APPLICATION

Pipes carrying media (e.g. gas pipeline, water pipeline, sewage pipeline, etc.) below motorways, main roads, railway tracks, etc. are often laid in casing pipes, here they are used as protective pipe closures.

PRODUCT DESCRIPTION

The end seals are used to seal the annular space between the carrier pipe and the casing pipe against dirt and moisture.

NOTE

Casing end seals are available for new installations, and for retrofitting.
